

## Job Description

Role/Job Title: **Widening Access and Student Success (WASS) Ambassador**

School/Department: **Widening Access and Student Success**

Responsible To: **WASS Ambassador Lead**

Pay/Rate: **£11.68 per hour**

### ABOUT WASS

Widening Access and Student Success (WASS) supports young people from under-represented groups to access and be successful in higher education. Our Widening Access and Uni Connect teams support pupil aspiration and attainment through their outreach work in targeted primary and secondary schools across Hertfordshire. The Student Success team works collaboratively with colleagues across the University to close gaps in outcomes by addressing the barriers that contribute to lower rates of attainment, continuation, and progression for underrepresented groups. Our ambition is to transform our students' lives by empowering them to be successful in their journey at the University of Hertfordshire (UH) and beyond. All our work is guided by the commitments and targets set out in the University's Access and Participation Plan (APP). Find more information [here](#).

### MAIN PURPOSE OF THE JOB

WASS Ambassadors are responsible for engaging with prospective and current university students, supporting the work of WASS to address barriers to accessing and succeeding in higher education. This will include working with students in primary and secondary schools, further education/sixth form and those studying at UH. Ambassadors will share their own student journey and their experiences of university life, promoting a positive view of higher education to inspire and act as a role model for any young people and current students that they work with. By supporting students through this work, you will contribute to the development of a diverse and inclusive university community.

### Key Duties:

Support the Widening Access team to engage with and support school students. This could include but is not limited to:

- Helping participants become fully aware of their capacity to succeed in education and help them to gain a realistic, but ambitious, insight into the range of opportunities available to them.
- Supervising and facilitating groups and activities, leading campus tours, talking about your own experiences with students and general event assistance.
- Promoting a positive view of university in a fun and engaging way that is appropriate and relatable to the age of the young people you are working with at the time. Informing and advising about higher education while understanding the barriers they may face, both now and in the future.

Support the Student Success team to engage with and support current UH students. This could include but is not limited to:

- Sharing your student journey and university experiences with current students at events and activities.
- Supporting the team to identify student needs and offer support, for example by making phone calls.
- Contributing to student communication activity by producing written and video content.
- Assist in the promotion of the Go Herts Award to UH students.

It is vital that WASS Ambassadors adhere to the guidelines for working with children, young people and vulnerable adults issued by the UH as well as how to handle sensitive data and confidential information in line with university policy and General Data Protection Regulation (GDPR).

The role may include working unsociable hours and/or weekends. The casual nature of the role means that it is flexible; shifts are advertised in advance via the HEAT Ambassador Portal and ambassadors can apply for those that most suit their interests/availability.

The WASS team value all our staff and will look for opportunities to support and develop our ambassadors. WASS Ambassadors can expect to be trained, supported, monitored and paid for carrying out this work.
